

CHARLTON IS MURDERER

CONFESSED ON CAPTURE TODAY

Wife Slayer Landed from Liner
at Hoboken, N. J.—Was at
Once Arrested

**FIRST DENIED IDENTITY
BUT LATER BROKE DOWN**

Capt. Scott, Brother of Dead
Wife, Tries to Shoot Charl-
ton—Father Collapses

HOBOKEN, N. J., June 23.—
Porter Charlton, the American
college man sought by the po-
lice of two continents on sus-
picion of the murder of his wife,
Mary Crittenden Scott Castle
Charlton of California, was
found here today. He con-
fessed to the murder.

Mrs. Charlton's body was
found in a trunk sunk in Lake
Como, Italy, June 10. The
couple had been spending their
honeymoon in a villa on the
lake shore. The description of
Charlton was cabled through-
out the world, resulting in his
capture here. The police say
Charlton was arrested upon
the arrival of the North Ger-
man Lloyd liner "Princess
Alice" from the Mediterranean.
He was subjected to a severe
sweating, which they declare
resulted in his breakdown and
confession.

Charlton's Confession

Charlton had been under surveil-
lance on the liner and the Hoboken
police were notified by wireless met the
steamer. At first he refused to admit
his identity, but gradually confessed
it and his crime. He was registered
on the steamer as Jack Coleman of
Omaha and was identified on the
steamer by Captain Scott, Mrs. Charl-
ton's brother.

Charlton exonerated Constantine
Isipoloff, the Russian arrested at
Como. According to his confession,
his wife used vile language. One day
she cursed him and he struck her
with a mallet then put the body in a
trunk and threw it in the lake, then
went to Genoa to avoid the police au-
thorities. His statement follows:

"My name is Porter Charlton of 204
West Fifty-fifth street, New York. I
am twenty-one years old and my home
is in Omaha. My profession is that of
bank clerk. I lived happily with my
wife who was the best woman in the
world but who had an ungovernable
temper and used vile language."

He described how he struck her
with a mallet used in fixing a couch,
then dragged the trunk to the lakeside
at midnight. He signed the state-
ment. While Charlton was calmly
confessing, Capt. Scott listened quiet-
ly. Abruptly Charlton made a se-
rious charge against his wife. Scott
leaped to his feet, drew a revolver
and leveled it at Charlton, who fell to
his knees begging him not to shoot.
The police grabbed the infuriated of-
ficer and wrested his weapon from
him.

**FATHER COLLAPSED ON
HEARING OF CONFESSION**

WASHINGTON, June 23.—Judge
Paul Charlton, father of Porter Char-
lton, collapsed when told of his son's
confession. He refused to believe his
son guilty of the murder of his wife.

**BROTHER OF DEAD WOMAN
TRIES TO SHOOT CHARLTON**

HOBOKEN, June 23.—Captain Scott,
brother of Mrs. Porter Charlton, mur-
dered at Como, Italy, today attempted
to shoot Porter Charlton, whom the
police say confessed the murder. He
drew a revolver on Charlton at police
headquarters.

**"DEUTSCHLAND" WILL FLY
WITH TWENTY PASSENGERS**

RUSSELDORF, Germany, June 23.—
The dirigible air liner "Deutsch-
lander" is preparing to return to
Friedrichshaven with a score of pas-
sengers. The air liner sails tomor-
row, expecting to reach the floating
pier at Lake Constance in nine hours.
The successful trip of the air liner
has aroused national enthusiasm.

ROYER IS A REPUBLICAN

So Says the Anaheim "Ga-
zette"—But Democrats
Are After Him

Half a dozen or more auto
loads of prominent Democrats
went to Anaheim this afternoon
to call on Major J. O. Royer
and endeavor to induce him to
accept the Democratic nom-
ination for assemblyman. Those
furnishing autos were H. C.
Head, Judge Victor Montgom-
ery, M. Nisson, Dr. M. A. Men-
ges, Dr. H. S. Gordon, Mr. Har-
grave, Dr. Houghton and possi-
bly others.

And just as the demonstra-
tion starts, comes the Anaheim
Gazette with the statement that
Major Royer is a Republican;
that he so declares himself, but
says he is not in politics.

TANK EXPLODES-- MAN BADLY HURT

Lighted Match Set Fire to Dis-
tillate—"Millionaire's
Row" Damaged

PASADENA, June 23.—Joe Chacon
was seriously, perhaps fatally injured,
and a Santa Fe tank car was partially
destroyed as a result of a distillate ex-
plosion early today. As Chacon, who
was removing the distillate for the Si-
monds Brok Company, held a lighted
match to the tank watching the flow,
the explosion resulted. Several win-
dows in "Millionaire's row" were shat-
tered.

BROWN CASE TO GO TO JURY TODAY

Arguments Finished—Judge
Has Instructions Ready
For Jurymen

CHICAGO, June 23.—The case of
Lee O'Neill Brown, charged with bri-
bery in connection with the election
of Senator Lorimer will probably
reach the jury today. Attorney For-
rest is making his argument for the
defense and District Attorney Way-
man will complete his argument for
the prosecution. The defense attor-
neys scored Charles E. White, the leg-
islator whose confession of an accept-
ed bribe to vote for Lorimer caused
the trials. Judge McSurley's in-
structions to the jury are already prepared.

was characterized by royal formality.

ter of Mayor Gaynor, of New York,
and Harry Kermit Vingut, millionaire
horseman, clubman and society man

day and were married by the "marry-

RIVERSIDE SUPERVISORS COMING TO CONFER ABOUT SANTA ANA CANYON ROAD

The following letter is self-explan-
atory. It deals with a matter of
much interest and importance, and it
is to be hoped that the Board of Su-
pervisors of this county may find
conditions, financial and otherwise,
in such shape as to enable them to
co-operate with Riverside county in
this beneficent proposed enterprise:

Riverside, Cal., June 22, 1910.

Mr. J. P. Baumgartner, Care of the
Register, Santa Ana, Cal.

Dear Sir:—At the next meeting of
the Board of Supervisors of Orange
county a committee composed of the
entire Board of Supervisors of Riv-
erside county will meet with your
board at Santa Ana to discuss the
proposition of doing some permanent
work on the Santa Ana canyon route.

This road is the trunk outlet for
all the interior towns to your beau-
tiful resorts, and Riverside county is
going to request that your county re-
pair this road so that it will be safe
for automobile traffic during the sum-
mer months. I have talked with a
great number of citizens and they
are all favorable to the movement.

I can assure you that Riverside
county will do its part in fixing the
road to the Orange county line, and
I am sure we will meet with hearty
co-operation on the part of your coun-
ty, as our interests are entirely mutu-
al. I appeared before the Board of
Supervisors of this county this morn-
ing and they are going down at my
request.

Yours very truly,
P. T. EVANS.

This road is in Supervisor Struck's
district, but he could not be reached
on the telephone today. Supervisor
Angle said the board has had this
proposition under advisement, and
has been in consultation (some time
ago) with the Riverside supervisors
on the subject. He is of the opinion
that our board will be disposed to do
something if it can, and he thinks it
can if the necessity seems great.

Mr. Angle said, however, that this
is one of the roads to be improved by
the proposed road bond issue—the
road commissioners having reached
that decision—and on this account it
may be that the board will not think
well of a proposition to do any tem-
porary work upon it.

JONES GIVES STRONG TALK

Scores Ballinger as Biased and
False and as Injuring the
Party's Reputation

PORTLAND, June 23.—Horace T.
Jones, ex-special agent of the land of-
fice, dismissed from the service by
Secretary Ballinger after Jones gave
testimony adverse to Ballinger at the
recent inquiry, today mailed a letter
to the members of the investigating
committee in which he declared he
was dismissed "for the good of the
service," after he had resigned to pre-
vent being "fired." His resignation
was not accepted. He severely ar-
raigned Ballinger, whom he charged
with bias and falsity, and as having
greatly injured the reputation of the
Republican party by not resigning
himself.

ROOSEVELT STIRS NEW YORK LEADERS

Secret Speech Causes Excite-
ment—Lunches With
Rough Riders

NEW YORK, June 23.—Col. Roose-
velt motored to Oyster Bay and New
York today after writing two editor-
ials for the Outlook. He was the guest
of the Rough Riders at luncheon at
the Harvard Club. General Sumner
retired as president. Eight Rough
Riders were present and there were
no outsiders.

What Did Roosevelt Say?

NEW YORK, June 23.—Theodore
Roosevelt has thrown the Republican
party leaders of New York into great
excitement as the result of a stirring
secret speech on conservation which
he made before the Campfire Club at
the Waldorf Astoria yesterday. The
guests were many of the Colonel's
closest friends and only a few of them
are politicians. It is rumored that he
talked vigorously on the conservation
situation. Gifford Pinchot was pres-
ent.

SWEDEN'S KING SENDS ENVOY TO THIS COUNTRY

LOS ANGELES, June 23.—His Ex-
cellency, H. K. G. von Scheeles, the
Bishop of Gotland, bearing greetings
from King Gustav V. of Sweden, to
the Swedish-American citizens of Los
Angeles, will arrive in this city, Sun-
day, July 10. A reception will be held
on the day of his arrival, in Simpson
Auditorium, where he is expected 5000
will pay respects to the Bishop. King
Gustav has sent him as private envoy
to pay royal regards to the two mil-
lions of Swedish people who reside in
the United States.

LOS ANGELES, June 23.—Francis
Holmes, aged seventy-five, today
brought suit for divorce declaring in
his complaint that his wife, who is a
few years younger, compelled him to
sleep in a bed with two poodles she
places under the covers nightly. He
also alleged that his wife is continu-
ally nagging him to become an inmate of
the Soldiers Home, thus avoiding the
expenses of his burial in the event of
his death.

A. R. SMITH WITHDRAWS

Orange News: Today there
is but one candidate for super-
visor. His name is Fred Struck.
Yesterday there were two. A.
R. Smith came out, and, re-
versing the order of the ballad,
turned around and went back
again. Today he announced his
withdrawal from the race,
which he yesterday entered.

Mr. Smith states that he has
withdrawn because he doesn't
want the job. He doesn't re-
lish the idea of having the in-
habitants of ten square miles
of territory marching over his
Adam's apple every time any-
thing goes wrong, as is the lot
of the supervisor. Besides, he
thinks he can scrape together
ammunition enough to chase
the wolf out of the back yard
without working for the county.

POSTAL SAVINGS BANK BILL PASSED

Two Other Administration
Measures Were Also Rushed
Through

WASHINGTON, June 23.—After a
dragging debate on the provisions of
the postal savings bank bill, lasting
for about three hours, the Senate,
yesterday afternoon at 5 o'clock, vot-
ed 44 to 25 to concur in the amended
House bill.

The favorable action was not tak-
en until the insurgents and Demo-
crats had voted their objections in
complete form and had offered numer-
ous amendments, all of which were
voted down.

Besides the postal savings bank
bill two other important administra-
tion measures were passed by the
Senate. These were the reclamation
bond bill, reduced to the \$20,000,000
limit decided on by the House, and
the bill providing publicity of cam-
paign contributions.

HOUSE AND SENATE TO BE HELD UP BY FILIBUSTERS

WASHINGTON, June 23.—Hopes of
an early congressional adjournment
glittered today when Senator Bur-
ton of Ohio began a speech on the bill
creating mountain forest reserves
which is expected to last two days.

Weeks, Republican of Massachu-
setts, also threatens a house filibuster
to force the passage of a bill to secure
an early adjournment.

The senate may hold night sessions
to permit Senator Burton to conclude.
Adjournment by Saturday was ex-
pected, but with a filibuster actually
under way in the senate and threat-
ened in the house, the time of ad-
journment is a matter of conjecture.

The bill Burton is advocating proposes
that the government maintain forest
reserves at the headwaters of rivers
in the Appalachian and the White
mountains. The senate has adopted
a similar measure three different times
and the house once but they have
never united on a measure. Such a
bill was recommended by Presidents
McKinley, Roosevelt and Taft.

ESPEE BEGINS ITS DEFENSE OF RATES

SAN FRANCISCO, June 23.—Attor-
ney Durbrow for the Southern Pacific
today began the presentation of his
case in the hearing of the complaint
of the associated jobbers of Los An-
geles, against the Southern Pacific
and Santa Fe railroads before the
State Railroad Commission. The com-
plaints allege that the roads have dis-
criminated in favor of San Francisco
and San Joaquin valley points. The
testimony of the San Francisco job-
bers has already been heard. The
hearing may be concluded today.

WAR BOUND TO PROHIBITION

COME WITH LITTLE JAPAN

So Says Political Writer Who
Declares America Lives in
Fool's Paradise

SAYS JAPAN HAS SCORN FOR THIS NATION'S BRAG

Declares That Lack of Coaling
Stations is Most Serious
Danger to America

LONDON, June 23.—Gerard Fienes,
the British naval expert, predicts war
between Japan and America. He de-
clared that war talk in both countries
are indications of an approaching
struggle. He criticized America for
not making greater preparations for
the inevitable contest.

"There are a hundred indications,"
he says in an article in the London
Graphic, "showing that a collision is
inevitable. The Americans live in a
fool's paradise in this matter."

"The Japanese are full of contempt
for American brag and for their lack
of national spirit or even true na-
tionality," the article continues. "They
have a profound disbelief in the war
worthiness of the American navy and
an acute realization that the strate-
gical situation is overwhelmingly in
their favor."

"It is objected that the Japanese
are too poor to go to war. When will
people realize the fact that all his-
tory teaches that it is the poor na-
tions, not those that are rich and com-
fortable, which fight. Japan is rich
enough to afford war because directly
or indirectly, she will make war pay
for itself. The United States has no
coaling stations. If Japan ordered
Germany to leave Kiacho Chow, the
Germans would have no choice but to
go. But the Germans could come
back and take the matter up because
they have coaling facilities. Europe
has a Monroe doctrine of her own. It
includes the determination to let Am-
erica stew in her own juice. There-
fore Europe could not interfere in a
war between Japan and America."

Espee Will Run Specials to
Reno—Pullman Cars to be
Used as Hotels

SAN FRANCISCO, June 23.—South-
ern Pacific officials after a conference
with Jack Gleason have announced
they will be prepared to run scores of
specials to Reno to carry San Fran-
ciscans. They have requisitioned one
hundred Pullman cars from the east.
These will be sent to Reno and side-
tracked to be used as hotels by the
railroad ticket folders. It is believed
5000 people will attend to here.

JOHNSON FORFEITED BAIL— GETTING READY FOR RENO

SAN FRANCISCO, June 23.—Jack
Johnson was too busy preparing for
his departure for Reno to appear in
court to answer a charge of fractur-
ing the speed law. The court for-
feited his \$50 bail. No bench war-
rant was issued because of his fail-
ure to appear.

**LONG BEACH CHEERED BY
NEWS OF FEDERAL BUILDING**

LONG BEACH, June 23.—Citizens
of this city congratulated themselves
last evening when news of the re-
ceipt of the following telegram by C.
L. Day was announced: "Forty thou-
sand dollars for Long Beach Federal
building site passed both House and
Senate and will probably be made a
law."

The wire was signed by E. J. Bur-
kett, a member of Congress from Ne-
braska, who visited this city some
time ago and became interested here.
An appropriation of \$200,000 will
be asked at the next session of Con-
gress to erect the Federal building.

PARTY TO USE A BLANK

Petition to Have Ticket Given
for Primaries Without the
Names Printed on It

SOCIALISTS ALSO TO WRITE NAMES

Several Candidates Have Filed
Nomination Petitions With
County Clerk

The Prohibition party is to have a
blank ballot for the use of the voters
registered as Prohibitionists, for the
primaries on August 16. A petition
to have the blank ballot for the party
was presented to County Clerk Wil-
liams today, signed by E. W. Brewer
and Amos Wright of Placentia, Ed-
ward Chaffee, C. S. Holt and J. T. Mc-
Elree of Garden Grove and T. M.
Purdon of Santa Ana.

It is probable that the Socialist
party will follow the same procedure
for the county ticket. The Socialists
expect to have their state ticket print-
ed on the ballot.

The advantage of having the blank
party ticket is that it saves the price
of \$10 per name, which under the law
is the amount fixed for getting a
name printed on the ticket. The So-
cialists and Prohibitionists expect to
mail to each party registered with
their party printed slip containing
the names of the candidates. These
names are to be written on the blank
ticket.

County Clerk Williams has received
a number of nomination petitions, and
expects others within a day or two.
These nomination petitions may be
filed up to July 16, but not later.

Those seeking state nominations
whose petitions have been filed are all
Republicans. They are: C. F. Curry,
candidate for governor; W. D. Wag-
ner and F. H. Mouser, for secretary
of state; Jeff McElvaine, member of
state board of equalization; H. A. Mel-
vin and C. D. Wilbur, associate jus-
tices of the supreme court; E. L.
Caughy, clerk of the supreme court;
C. L. Smart, state printer.

Three candidates for county office
have filed their petitions. They are:
H. A. Wassum, Republican, for sher-
iff; J. C. Joplin, Democrat, for treas-
urer; W. B. Williams, Republican, for
clerk.

Three seekers for township offices
all Republicans have filed. They are:
Ed. Smithwick, justice of the peace,
Santa Ana township; Lafayette Flood,
constable, Santa Ana township; J. S.
Howard, justice of the peace, Ana-
heim township.

dition is reported as worse
late today.

COT CAMPS ARE CLOSING

Fruit is Nice—Hay-balers Finishing Season's Work—El Modena Notes

EL MODENA, June 21.—Some apricot camps will close this week. This is unusually early. The fruit is nice. Mrs. Eva Johnston of New York is spending the week with her grandparents here, Mr. and Mrs. Charles Lent. Mrs. Lent is quite feeble. Mrs. John Johnstone went to Whittier to join her husband, who is there with their daughter, Mrs. Kirby. They will remain for some time. Mrs. Johnstone intends attending the yearly conference of the Friends church, which convenes there this week and continues until some time next week. Some of the local people are going for the season. The C. E. day is next Saturday, and C. E.'s are expecting a good time.

Most of the hay around here is baled, and the balers are taking their presses in for the season.

There will be seven representatives from the C. E. here, at San Jose, possibly more, three intermediates and four seniors. One would like to see a town do better with the same financial basis and numbers to choose from.

Mr. Jones now drives an auto, a Studebaker.

Mrs. John Bond of Villa Park, though feeble, has been out twice to church on Sabbath mornings.

Mr. and Mrs. Ohltreue of Indiana, who are visiting her sister, Mrs. Stoner, are very much pleased with California.

Mr. and Mrs. Way of Long Beach, attended Sunday school and church, while stopping with Mr. Way's sister and niece, Mrs. Johnstone and Mrs.

POMONA RAISES \$130,000
SECURES ANDY'S \$50,000
CLAREMONT, June 23.—It was announced at the commencement exercises of Pomona College that \$130,000, completing the amount necessary to secure \$50,000 from Andrew Carnegie, had been raised through the campaign instituted by President Blaisdell. \$60,000 of this is for endowment and for the establishment of an Edward Clarence Norton chair of Greek, and a Phoebe Estelle Spaulding chair of English.

King, last week. Mr. Crist illustrated last Sunday's lesson by two stalks of corn grown on his ranch, and a fine, fully developed stalk about six feet high, the other barely a foot and a half. Both had the same care, water and cultivation. One grew in good black soil, one in gravel. The lesson was given his class, the Bereans, and he gave the same to the little folks. He said: "Are you going to be, at the close of life, a fully developed man or woman, full of good deeds, or a stunted stalk with nothing to show for your life work?"

Dust Cleaner

Is a granulated Sweeping Compound chemically prepared so as to clean, polish and disinfect floors. It purifies. It kills disease germs, moths and fleas, saves dusting and scrubbing, and makes sweeping a pleasure.

The following endorsement was made by The College of Medicine of the University of Southern California:

We would state that after one year's use in the buildings of the College of Medicine, U. S. C., we are convinced that it is advantageous, because it not only does away with the dust nuisance, and is therefore more hygienic, but because the addition of antiseptics, such as carbolic acid mixed in same, adds to its antiseptic value.

Applicable on Carpets, Linoleum, Wood Floors of all kinds, Tiling and Concrete.

Used generally in Banks, Stores, Office Buildings, Churches, Colleges, Public Buildings and Residences, and recommended most highly by all users.

WANT MANUAL TRAINING, TOO

Anaheim Chamber of Commerce Asks Courses be Added to High School

ANAHEIM, June 22.—The paving contractors commenced work this morning on the block between Palm and Citron streets.

Sheriff Lacy, acting under an execution from the Superior court, in the case of Charles Schindler vs. C. C. Young, has levied upon four lots on the corner of Atchison and Chartres streets. The judgment was obtained in an action to foreclose an assessment lien for the construction of sidewalks.

A committee from the Chamber of Commerce met the trustees of the Union High School last evening and urged them to add a course in manual training and domestic science the coming year. The trustees promised to do so. This will necessitate an addition to the school building.

MELROSE CHAIRMAN OF NORMAL BOARD

Anaheim Man Reappointed by Governor—Important Work Ahead for Trustees

Richard Melrose of Anaheim, assemblyman from this district, has been re-appointed by Gov. Gillett as a member of the board of trustees of the State Normal School in Los Angeles. At a meeting held last Friday, Melrose was elected president of the normal school board.

Much important work will come before the board during the coming year, including the sale of the present site of the school at the minimum price of half a million dollars, the selection of a new site and the expenditure of at least half a million dollars in new buildings.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing hope to the public a parallel fact; that the stomach is the most vulnerable organ out of the price ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

INVESTIGATE AND FIND OUT

Mr. D. F. Campbell of Orange
Makes Plea for "Fair Play"
in Assessorship Controversy

Orange, Cal., June 20, 1910.

Editor of the Fullerton News:—I notice in your paper of June 15th an answer by A. I. Stewart to an interview with County Assessor W. M. Scott, published in the Santa Ana Register, and which was copied in your paper. In Mr. Stewart's reply he uses the following language: "Brother Scott says I won't do. His reason is that I am a small taxpayer." Now, that does not sound like Mr. Scott, and reading his interview over carefully, I fail to find any such statement. In the course of the interview, I observe, he was asked the amount of property Stewart paid taxes on, and he gave it, but I fail to see that this was even an insinuation that Stewart "would not do." I make this suggestion because I like to see an argument fairly conducted.

We have heard much said by Mr. Stewart about "equitable assessments," and his slogan has been the mysterious words, "If not, why not?" I hardly catch the meaning of these questions, or what they imply. I have heard no complaints about assessments, and know that if any taxpayers feel that they have not been fairly treated, they can easily go to the records and investigate for themselves. Moreover, I know that several who had been led to believe that their assessments were unfair, have made such investigation, and as a result, have been perfectly satisfied.

I have known County Assessor Scott for a great many years, and know him to be a man of exceptional honor and integrity, square to the line. While he may not have a large amount of personal property for assessment, as Mr. Stewart says, I am personally aware that he is materially interested in some enterprises which pay their share of the taxes, and which have helped decidedly in the development of the county. Also the people of Orange and Santa Ana who know Mr. Scott, will testify that he has always been ready to do all in his power for the advancement of the community in which he lives, and that his services have always been of value.

I write in the interest of fair play, but Mr. Scott needs no defense where he is known. However, I do not consider that Mr. Scott is what may properly be styled a politician; the people are not looking for such men, and he is not depending on practical politics in his campaign for re-election, but on his record in office and on the support of those who believe in him, and in his honesty and integrity. Such a man should be entitled to the office a second term.

Very Respectfully yours,
D. F. CAMPBELL.

THE MACHINE MAN—WHO?

There is great excitement up-state over the gubernatorial contest. It appears that the Johnson "swing around the circle" has developed some surprises to the old-style politicians, and they are beginning to acquire the conviction that the Direct Primary is a more dangerous institution than they had counted on. They don't understand this going around the state making public speeches for a nomination. None of their men are doing it, and you couldn't hire them to. That's not the old way. As for this speech-making business, with them it is a case of "the less said the sooner mended."

Johnson hasn't got anything that needs mending. To tell the truth his mission seems to be to smash things, and the way he makes the splinters fly is a caution. When he gets through with the machine it won't be worth mending, and that's what is giving the ancient politicians the jim-jams. His new style of politics is something they don't know how to hedge against, and all they can do is to stand around and witness the havoc.

There is Curry now, and Stanton and Anderson and Ellery, who are keeping close to the old lines and jogging along in the good old way of the gunshoe route, each one keeping himself in a position to make such treaties with the other as the circumstances may dictate as advisable. But Johnson is not in the treaty business. He has burnt all the bridges behind him and compromise or surrender are unknown terms so far as he is concerned. He is what the founder of the political bureau would call "a wild hog," a designation he was accustomed to apply to men who refused to make any terms with him.

It is thought by some in the north that the machine has decided to get behind Anderson as the best one to pit against Johnson, letting Stanton stay in the field with the hope that he will divide the south with Johnson. But what are they going to do with Curry? He is willing enough to treat with the others and give them everything else but the governorship, and there he draws the line. Its against his nature to withdraw. He has been running for office so long that he can't quit no matter who wants him to. It has become his normal condition and he couldn't quit if he wanted to. So it's not so sure the machine will get behind Anderson, at least until he can make a better showing than he has so far. At this distance it looks as though the only thing for the machine to do is to back up Curry against the field with the hopes of getting Anderson and Ellery out of the way before the day of fate arrives. But it recks but little what they do, for Johnson will sweep the state from Siskiyou to San Diego, and don't you forget it!

INDIVIDUAL RESPONSIBILITY

Under our system of government every citizen should be a politician in the sense that he expresses an opinion in a proper way on all public questions; but no man in this country should be a politician in the sense that he trades his political influence for a living. That is the trouble with cities and states—railroads, street-car interests, brewery interests and other special interests employ able men to devote their entire time to politics. They have behind them unlimited money, and, with nothing else to do but to think out political schemes and tricks, they acquire a tremendous political influence. The more their influence can be taken away the more government for the people will be advanced.

Ours is a representative form of government; it must either represent the best there is, or it is likely to represent the worst there is. Corrupt officials represent the people just as honest officials do. The corrupt official represents the activity of the lawless and the aggressiveness of special interests. In a word, he stands for the apathy, the negligence and the criminal indifference of the law-abiding. Government is representative of the good in proportion as the average morality of the average individual is aggressive; and representative of the bad in proportion as the average morality is low or lethargic.

The "Gazette" Joshes County Candidates

At the "Taft Club" smoker at Anaheim tonight, according to the veracious—not to say voracious and ferocious—Anaheim Gazette, there will be "something doing." According to the said oracle the smoker will be "for all good republicans, at Miller's Hall this evening, and the pipe of peace will be passed around among candidates and machine men irrespective of creed, color or previous condition of servitude. Blondes and brunettes and men with red whiskers or no whiskers at all will be welcome, the only condition imposed being that they are voters of the Republican ticket and will support the party's candidates at the polls."

Here follows a lot of Stanton hot air and then the Gazette goes gaily on: "A bunch of county candidates are looked for, but they will probably be required to bring their pipes and cigars along, not only for themselves, but also for those whose artistic tobacco tastes rebel at twofers." "By Williams, candidate for county clerk, will be asked to answer several questions satisfactorily before being permitted to pass the inside guard. Among them, he must explain why he wears a flannel shirt at Tomato Springs and the boiled and fluted variety at Laguna Beach; why he sleeps in a haystack at Silverado, and demands the bridal chamber at the Mendelson hotel at San Juan. Also, what promises he made members of the bench and bar to endorse his candidacy. Judge West being one of the signers, he will be asked to submit a writ of certiorari showing why the non-partisan judiciary bill should not be invoked against him. "George Peters will be asked to ex-

representative of the bad in proportion as the average morality is low or lethargic.

More honest men are not needed especially, for there are plenty of honest men—in fact, the large majority are honest when they have no selfish reason to be otherwise. The need is for more citizens who can be aggressively honest. Negative honesty is the next thing to dishonesty. There is too much negative honesty. The problem of good government everywhere is to make the honest as active and aggressive as the other kind. Government of and by the people there may be, but government for the people will exist only to the extent that good men interest themselves in behalf of righteous political conditions. —Joseph W. Folk, ex-Governor of Missouri.

PINHEAD THE MIGHTY

Readers of the Register will remember what terrible things Mayor McCarthy was going to do with Governor Gillett, the attorney general and the militia when he once arrived in San Francisco from Chicago. He was going to let them know that HE was running San Francisco and that the Johnson-Jeffries fight would come off strictly according to schedule.

Well, Pinhead "have arrived." The promised revolution has not, however, as yet materialized. In fact, for once, the mighty talker had nothing to say. "He came, he saw," and sneaked out of sight as fast as an automobile could carry him.

This calls to mind similar boasts made by a San Francisco correspondent of a Los Angeles paper. To his mind the Johnson-Jeffries fight could not be stopped by all the powers combined. It was the biggest thing on earth and it was the height of folly to think of preventing it. This, however, was before the governor had moved on the works, and demonstrated that the law, when properly backed up by the officials, is supreme.

Oh, Yes! There were tremendous influences behind the big mill, but then you see they were on the wrong side and had to take to the sage brush when the governor got into action. It is a favorite saying that you can't stop this and you can't stop that, but with officials worthy of the name, you can stop anything that is in violation of the law.

If he fails to answer these things satisfactorily, he will be in bad. The only thing which can save him is the fact that he will have no opponent at the polls, and will consequently not have to pay much for votes.

AMUSEMENTS

Doctor Prescribes Moving Pictures

Some time ago a certain business man called upon a well-known nerve specialist and wanted to know what was the matter with him. He was told, after a careful examination, that he was on the verge of nervous prostration, and while some might tell him to take a vacation, go abroad, take a sea voyage, get a change of surroundings and scenery, and for the time forget his books, his business worry, he answered that he could not spare the time from his business. The doctor told him his own experience. He faithfully kept up the treatment, and it was but a short time until he knew no more of sleepless nights. And his great and pleasant to take and inexpensive cure was to visit the Temple Theater, for it was there where he found all of the diversion and happy change of a sea voyage, and without being seasick. He could climb the highest mountains and no fear of falling, fly in the fastest aeroplanes without accident, see the greatest plays by the world's noted actors, and it would cost him ten or fifteen cents.

WEDDING OF PRINCE AND MISS DEACON IS NOT YET

LONDON, June 23.—The fashionable congregation of invited guests were gathered inside of St. Mary's Catholic church in Cadogan Square, a great crowd blocked the streets on the outside, the noble prince paid several visits to the church officials and stormed and threatened, but the wedding of Prince Albert Radziwill of Poland and the young and beautiful Miss Dorothy Deacon of Boston did not occur yesterday.

Young Lady Travelers

The Young Lady Travelers held their closing meeting of the year yesterday afternoon at the G. W. Minter home on Birch street. The principal feature of the afternoon, besides its social features, was an interesting talk by Miss Jennie McFadden on German and other operas she had heard while in New York City, where she has recently spent several months in the study of music. She described not only the musical effects of Lohengrin and Parsifal but the magnificent staging of those operas. She illustrated some of the music by giving piano selections, and Miss Georgia Barnes sang the Swan Song from Lohengrin. Conversation and the enjoyment of light refreshments rounded out the pleasant afternoon.

Luncheon With Miss Brockway

While Mr. and Mrs. Frank McElree were in Los Angeles Wednesday they enjoyed a visit and luncheon with Miss Meme Brockway, superintendent of the Primary Department of the State Sunday School Association.

Miss Brockway has just returned from attending the world's Sunday school convention in Washington, D. C. Her report of this made delightful conversation for the luncheon hour.

Miss Brockway attended four state conventions en route to Washington, and was upon the program of each.

Crowe-Munchaus

With Rev. R. C. Douglass, pastor of the Methodist church, South, officiating, Miss Daisy Crowe and Jesse Munchaus were married last night at 7:45 o'clock, in the presence of a company of sixty guests. The wedding took place at the home of the

bride's parents, Mr. and Mrs. L. N. Crowe, 720 East Walnut street. The home was decorated with roses and ferns and the ceremony was pronounced while the bridal party stood under a wedding bell of Shasta daisies.

The bride was costumed in a tailored suit of blue, her going away gown, and was attended by her sister, Miss Bessie Crowe. The bridegroom's best man was Theodore West. Mendelsohn's wedding march was played by Miss Dolly Simpson, and other music was enjoyed after the ceremony. Many pretty wedding gifts were received. Delicious ice cream and cake were served before Mr. and Mrs. Munchaus left for Los Angeles, where they will spend a week as the guests of the bride's sister, Mrs. C. P. Frost, at Maplewood Apartments on Maple avenue and Tenth street.

Mrs. Munchaus has resided here for the past four years and has made many friends. Mr. Munchaus is with the Purdom Grocery Store, and the newly married couple will reside in Santa Ana.

Best-Siefert

Nellie M. Siefert became the bride of Louis K. Best yesterday evening at the residence of Rev. A. F. Roadhouse, 820 West Fourth street. Those present were near relatives of the bride and groom.

Both young people are well known and popular in Santa Ana, where they have resided. After a visit at Chino, Mr. and Mrs. Best will live at 1150 Hickey street, this city.

The commencement exercises were of high order and delighted everyone fortunate enough to be present.

At the announcement of the raising of the \$130,000 necessary to secure the \$50,000 promised by Andrew Carnegie, the audience, faculty and students went wild with enthusiasm. Santa Anans who were present on this happy occasion were Rev. and Mrs. Chas. H. Seecombe and family, Mrs. Maude Bowes, Mr. and Mrs. E. E. Norman, Mrs. C. O. Petersen and John Beatty. Vandermaast & Son

en by a number of the High School graduates last night at the Opera House, was a pastoral play well presented before an audience that filled every available seat in the house.

The play was given under the direction of Miss Allie Hallett Taylor, teacher of expression in the High School. Miss Taylor has coached the plays of the high and grammar schools for three or four years with great success, and last night's production showed evidence of her careful training. "Lovers' Lane" coming out effectively in the hands of the cast to which it was entrusted. In four acts, it required stage settings for a parsonage scene, the main street of Eddyville, and two orchard scenes. These were all realistic. In the street scene, several small boys and girls held the center of the stage, the boys playing marbles and the girls amusing themselves. The apple tree in the orchard gave "Simplicity" an opportunity for some of her mischievous pranks.

Winifred Roberts played "Simplicity Johnson" with real skill, being the naughty, prank-loving orphan asymlum wail to the life. Ella Livingston as pretty Mary Larkin, was charming. Matty, the minister's housekeeper, was capably played by Doris Robbins, and Bridget, the sorrowful cook, was a funny creation in the hands of Miss Anna Clark. Edith Spangler, as Mrs. Herbert Woodbridge, was very good, and Lucy Hill as Mrs. Brown, the social leader in Eddyville, Cora Siefert as Miss Molly Mealy, the school mistress, Mildred Johnson as Mrs. Steele, of the sewing circle, and Jennie Dale as the dressmaker, were all excellent. Mrs. Lane was well taken by Rev. McCormack. Howard Hankey as Mary, the Singleton, was the leading man and made a great hit. Chas. Martin as Herbert Woodbridge, played in good form. Archie Burkett was an excellent bell ringer, and Harry Warner was a bluff and jolly figure as Hosea Brown, the storekeeper. Walter Heninger as Mr. Skilling, and Archie Ware as Deacon Steele, were both very good. Indeed the production was meritoriously staged and played and won universal approval.

Card of Thanks

Mr. and Mrs. J. F. Cavanaugh wish to thank those who rendered beautiful music, and their many friends, for the kind assistance and sympathy shown them in their great bereavement.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE PETITION FOR OUTFALL PERMIT IN NEWPORT BAY GOES TO LEEDS TOMORROW

The petition of the City of Santa Ana to the United States War Department for permission to lay a pipe-line in a portion of Newport Bay, which pipe-line will be the end of the proposed outfall sewer, will be presented to Lieutenant Charles T. Leeds, chief engineer, Los Angeles, tomorrow by John McFadden, chairman of the board of trustees of this city.

A map will accompany the petition, which was finally prepared by City Attorney Heathman today. The petition, addressed to Lieutenant Leeds, follows.

"Dear Sir:—At a regular meeting of the Board of Trustees of the City of Santa Ana, in Orange County, State of California, held on the 20th day of June, 1910, I was instructed by said board to communicate with you and apply for a permit of the City of Santa Ana to lay, build and construct in the tide-waters of Newport Bay, in said county, a pipe-line to be laid below the low tide mark in the upper portion of said Newport Bay or Harbor for the purpose of transporting and emptying the sewage into said Bay or Harbor at a point known as the 'Narrows,' approximately on section 23, in township six south, range ten west, S. B. B.

The city of Santa Ana is a city of about 10,000 inhabitants and has a sewer system and outfall sewer leading to the bed of the Santa Ana River, west of said city; but said outfall sewer and the present method

of depositing the sewage in the sandy bed of said river is inadequate and unsatisfactory, and the necessity of said city and its inhabitants demands that an outfall sewer be now constructed to the tides of the Pacific ocean, and in accordance with the instruction of said board said City of Santa Ana makes application to you and the War Department of the United States under sections 10, 11, 12, 13 and 14 of the River and Harbor bill of the United States for a permit to construct and lay on the bed of Newport Harbor or Bay a sewer pipe-line not exceeding 36 inches diameter, inside measurement, following the route indicated by the accompanying plat and survey, as shown by the dotted lines on said plat or map accompanying this petition, and that said pipe line may terminate in the 'Narrows' west of an island in said bay where the sewage may empty into the strong current that prevails in said 'Narrows' and that the sewage may be daily carried by the tides out into the Pacific ocean.

The map accompanying this petition and the proposed outfall sewer line indicated thereon is absolutely correct, and shows the lines of high tide and low tide thereon, and approximately the true line of the proposed sewer pipe-line, and said map is hereto annexed to this petition and forms a part thereof.

Yours very truly,
THE CITY OF SANTA ANA,

Lima Association Manager Declares None Bought at Four Cents as Reported

The Register has received a statement from J. M. Waterman of Oxnard, manager of the Lima Bean Growers' Association, as follows:

"Would you mind advising your readers in the lima bean section, through the columns of your paper, that the report, which has been circulated by the various buyers, that the Association has contracted some lima beans at 4 cents, is absolutely false, and spread among the lima bean farmers probably for the purpose of inducing them to sell their coming crop at a correspondingly lower price. You may state for the Association, that we have NOT contracted for a single bag of lima beans for the coming season, from anybody, at any price."

LOS ANGELES PRODUCE MARKET

A quantity of white asparagus was received from near San Francisco, and went in quick order at 7 cents per pound. Cucumbers of the best variety were in good demand, and sold rapidly at 1.00 per dozen. A trifling amount of small and poor stock was on hand, some selling as low as 60 cents.

Plum shipments were not very heavy and the demand was large. The red variety was very firm, and prices on all kinds were advanced 25 cents per lug. The fruit was in the best of condition. Black figs were a little more plentiful and the majority went at 85 cents per box. The white variety was on hand in large amounts and moved well at the same price as the previous day.

Arrivals of new celery were small and not nearly enough to meet the demand. Prices were advanced 25 cents per dozen. Tomatoes, both local and Mexican, sold well. Shipments were somewhat smaller than on previous days. No changes were made in quotations. Sweet corn was plentiful, with the demand fairly large and frequent. Peaches came in goodly quantities and freestones were more in evidence than usual.

The quotations on local eggs were lowered 1 cent yesterday morning, making the new price on candled 26 cents and the casecounts, 22. Calls were made for case counts, at the new quotation, but the stock was held at 1/2 cent above that amount. Arrivals in eggs were 341 cases.

Butter receipts were 32,672 pounds. California creamery extra continued firm and was held at 1 cent above. Ladle and cooking were offered, but not called for. Prices remained unchanged.

A quantity of northern fresh cheese was sold at 15, a little under quotation. Edam was offered at half a dol-

The potato market was inactive. Receipts were 299 sacks. Fancy Northern Australian brown and Bermuda onions were placed on sale, with but few scattered calls.

No. 1 lima beans sold at 4.25. Both No. 1 and No. 2 pinks were offered, with the only calls for the latter. Fish of all varieties were shipped into the market in large enough supplies to meet the demand.

BAD DREAMS

Nightmare, Restlessness and Night-sweats all Caused by Indigestion

—Half of the nervousness in the world, all of the disturbing dreams and nightmares can be ended in a few weeks by a simple, inexpensive treatment.

Upset stomach is the cause of nervousness and bad dreams. Your food is lying in your stomach undigested and fermenting; it is forming poisonous gases which irritate the pneumogastric nerve that leads direct from the brain, and ends in a network of tiny branches running through the stomach.

It is also the irritation of this great pneumogastric nerve that causes headaches. Many times people have severe headaches and know they are caused by the stomach, but do not know in what manner.

If you are nervous, have dreams or nightmare, and do not sleep sound at night, get a 50 cent box of Mi-na stomach tablets and take one or two after or with meals. They relieve distressed stomach in 5 minutes. Sold by druggists everywhere, and by the Rowley Drug Co., who guarantees them to cure indigestion or money back.

**It Pays to
Buy the Best
Sulphur
For Bleaching**

If you have been disappointed in the quality of sulphur purchased for fruit bleaching in previous years, profit by past experience and buy the best quality this year. You probably have been told before by dealers that they were selling you the best, but found out after using it that it was full of impurities.

Every particle of a good grade of sulphur is consumed, leaving little or no ash. In an inferior grade of sulphur containing impurities, the residue remaining after the sulphur is consumed is an entire waste.

Let us demonstrate to you why the Atlas Resublimed Flowers Sulphur which we sell is superior—absolutely free from impurities.

We sell sulphur under a positive guarantee.
